The screenshot shows a web browser window with the title "HTML Form". The address bar displays the file path "C:/Users/Samy/Desktop/aa1/home.html". The browser's toolbar includes icons for back, forward, refresh, and search, as well as a list of open tabs. The main content area of the browser shows a web page with a light blue background. At the top left, the word "FORM" is written in a large, blue, serif font. Below this, there is a white rectangular box with a thin blue border. Inside this box, the text "STUDENT DETAILS" is centered at the top. Below the title, there are four input fields arranged vertically, each preceded by a label: "Name", "Email", "Age", and "Qualification". At the bottom right of the white box, there are two buttons: "Submit" and "Reset". The browser window is set against a Windows 10 desktop background, with the taskbar visible at the bottom showing various application icons and the system clock indicating 10:15 PM on 11/9/2022.
